One of the most impressive homes in its price range is available in the area's hottest town! Thoughtfully remodeled inside and out, the 4 bedroom, 3.5 bath home shows like a million dollar property, from the professional chef's kitchen to the finished lower level (including a high end home theatre). The spacious Master Suite is over 475 square feet. Situated on one of the town's larger lots, the entire property has been fenced and beautifully landscaped for privacy and to maximize its natural setting. Two separate bedrooms and a den provide a versatile space for guests or family. An oversized, attached garage has a massive (stand up) storage loft. Luxury for less than you would expect in the perfect full time or vacation home
